

Year 1—Autumn Term

Maths:

The children will be exploring these objectives across terms one and two:

Place value— We will sort, count objects and be exploring place value within 10. We will find one more and one less. The children will be exploring the vocabulary and symbols for greater than, less than and equal to. We will then look at numbers on a number line.

Addition and subtraction— The children will be introduced to the part whole model, fact families, they will learn to write number sentences, and add numbers together within 10.

Shape— The children will learn to recognise and name both 2D and 3D shapes. Sort these

Music

For term one the children will be listening to and learning a song called Rhyming in time from the scheme Charanga.

In term two it will be all about Christmas and

Geography

In term one we will be learning all about where we go to school, learning about compass directions, maps and creating our own

English:

In Year one we will be having a big focus on handwriting. Practising our number and letter formation daily with a focus on using capital letters, full stops and finger spaces.

We will be learning the story of the Magic Porridge Pot. We will retell it, story map it and innovate it. Finally we will write dictated sentences about the story.

We will create shape poems linked to fireworks. We will explore the features of shape poems and discuss similarities and differences of a range of poems.

We are currently revisiting Phase 4a revision, when we move onto Phase 5a I will share the new graphemes with you via class dojo on a Friday.

Computing

In computing we will explore what IT actually is and what it looks like in school, at home and around the world.

History

In term two we will be learning all about the history of toys. We will be exploring toys from the past and asking questions about

PE

Across Terms one and two we will be exploring ball skill—passing, receiving and dribbling. Sessions will continue to be on Tuesdays so please ensure children come to school in appropriate PE kit

Art/DT

In term one children will draw Christ Church School they will be thinking about proportion, line shape and spaces.

R.E

Across Terms one and two we will be thinking about the religion of Judaism and we will be learning about the Christmas story and how Chris-

Science

In term one we will be looking at everyday materials, recognising these materials and understanding their properties. We will then conduct a TAPS experiment to explore which materials are most waterproof.

In term two we will explore the seasons of Autumn and Winter. We will go on a senses learning walk, track the weather, record the amount of rain fall and decorate trees to match the changes in the

PSHE

This term we will be exploring the units from Jigsaw on Being Me in My World and in year one our lessons will be based around celebrating differ-
